## MISSION

*The mission of First 5 Sonoma County is to maximize the healthy development of all Sonoma County children from the prenatal stage to age five through support, education, and advocacy.*

First 5 Sonoma County funds programs and services for Sonoma County children from the prenatal stage to age five and their families. First 5 is funded by the California Children and Families Act (Proposition 10). This Act was passed by California voters in November 1998. It placed a tax on tobacco products and collects more than \$500 million per year for First 5 statewide.

First 5 in each county in California receives a share of this tax money based on how many babies are born in that county each year. Sonoma County's share is about \$4 million annually.

The California Children and Families Act says that First 5 dollars must be spent to promote, support, and improve the early development of children five years old and younger. First 5 Sonoma County does this by funding programs and services for young children and their families to help children enter kindergarten healthy and ready to succeed.

First 5 Sonoma County began in December 1998 when the Sonoma County Board of Supervisors created the Sonoma County Children and Families Commission. The Commission now has nine members and governs First 5 Sonoma County. It makes funding decisions and oversees funded programs and services.

## MINI-GRANT PROGRAM

First 5 Sonoma County's Mini-Grant Program provides small grants up to \$5,000. There is no minimum request. (Please see section E regarding limits on the size of requests.) If you receive a mini-grant, you will have approximately one year to complete your mini-grant project. Your mini-grant project must help First 5 Sonoma County achieve one or more of its objectives for 2010-2020 as explained in section A.

## A. COMMISSION OBJECTIVES

All funds given out under the Mini-Grant Program must be used for the development and nurturing of Sonoma County children from the prenatal stage to age five.

You may request funding for projects or programs that target one or more of the following objectives. Your request should clearly specify which objective(s) your project addresses.

- High quality early care and education
- Supports for parents to strengthen and improve parenting
- Supports for parents to strengthen literacy skills

First 5 Sonoma County believes that making progress in these areas will result in our youngest children being better prepared to succeed when they enter school. Research shows that children who succeed in school succeed in life.

## B. ELIGIBLE ACTIVITIES

You may receive a mini-grant for the following types of activities:

- One-time events (mini-grants will not be awarded to support ongoing activities or regular staff positions.)
- Projects that address the needs of children ages 0 to 5 within specific populations and/or neighborhoods
- One-time purchase of curriculum materials or equipment, such as indoor or outdoor play equipment, books, or educational tools. (Awards have typically not been made for the purchase of computers or software.)
- Applications must be organized around one major theme or focus, for example outdoor play equipment to improve large motor skills, or shelving and books for a reading area. It is best to apply for several large, good quality items rather than many small items. Products that become used up, such as art supplies, are not eligible.
- Facility improvements primarily benefiting the child care program (**home** improvements such as bike paths, sod or fencing are not eligible)
- Development of training(s) and/or enrollment in appropriate training opportunities (Awards have typically not been made for personal scholarships or to pay for regular academic coursework.)
- Technical assistance
